Logic and Critical Thinking

Mid-Exam

Total Points: 25% Time Allowed: 60' Date: August 26, 2021

Name _____ ID.NO _____ Section _____

Part I: Write "True" if the statement is correct and write "False" if it is wrong (5pts.)

1. In all cases, strength of an inductive argument is independent of the truth values of the premise and conclusion statements of an argument.
2. A lexical definition should be narrow, instead of being broad.
3. Expository passage is one form of logically acceptable deductive arguments.
4. The purpose of a precisising definition is to reduce vagueness of the term.
5. In argumentative passage, inferential claim refers to the rational or logical relations between a premise and conclusion statements.

Part II: Choose the best answer and write your choice on the space provided (10pts.)

1. "For the past twenty five years Ethiopian athletes have been dominant in the world of athletics. Thus, Ethiopian athletes will remain dominant in the coming couple of years." This argument is _____.
A. Valid deductive argument
B. Weak inductive argument
C. strong inductive argument
D. invalid inductive argument
2. Which one of the following series of terms are listed in the order of decreasing intension?
A. Ethiopia, Africa, Adama, World
B. Africa, World, Adama, Ethiopia
C. Adama, Ethiopia, Africa, Globe
