

An increase in the value of the customer offering can be done by:

- ☐ a. raising benefits
- ☐ b. reducing costs
- ☐ c. raising benefits and reducing costs
- ☐ d. raising benefits by more than the raise in costs
- ☒ e. All

All of the following statements are specific issues concerning a research design, except:

- ☐ a. Research gap
- ☐ b. Sampling design
- ☒ c. Type of the study
- ☐ d. Data collection and analysis techniques

As compared with others which one of the following methods of primary data collection technique is assumed to be the cheapest and enables to reach large samples?

- ☐ a. Observation method
- ☐ b. Personal interview
- ☒ c. Questionnaire
- ☐ d. Telephone interview
- ☐ e. Focused group discussion

The most popular and easiest to measure bases of Market Segmentation

- ☒ a. Geographic
- ☐ b. Psychographic
- ☐ c. Demographic
- ☐ d. Behavioral

Which of the following alternative market entry modes offers the least risk?

- ☐ a. joint venture
- ☐ b. Strategic International Alliance
- ☐ c. Contract Manufacturing
- ☒ d. Mergers and Acquisitions

The correct answer is: Contract Manufacturing

Identify the wrong Statement

- ☐ a. If the firm's resources are limited, concentrated marketing is appropriate.
- ☐ b. Differentiated is appropriate for products that can vary in design
- ☐ c. At the maturity stage, differentiated marketing is better.
- ☒ d. If most buyers have the same tastes undifferentiated marketing is appropriate.
- ☐ e. When competitors use undifferentiated marketing, differentiated marketing is most appropriate
- ☐ f. None

The correct answer is: None

What is the present value of the following cash flow stream at a rate of 8.0%? Years: 0 1 2 3 CFs: \$750 \$2,450 \$3,175 \$4,400

- ☐ a. \$7,917
- ☐ b. \$8,772
- ☐ c. \$9,233
- ☒ d. \$9,695

The correct answer is: \$9,233

Which do you think is possible motives for doing research

- ☐ a. Desire to get a research degree
- ☐ b. Desire to be of service to society
- ☐ c. Desire to face a challenge
- ☒ d. All

The correct answer is: All

_____ is unauthorized usage of protected brand names, *labels, designs or description of trade*

- ☐ a. patent
- ☐ b. Brand piracy
- ☒ c. Trade mark
- ☐ d. Labeling

The correct answer is: Brand piracy

Based on the depth of analysis we do have:

- ☐ a. Two types of research
- ☒ b. Three types of research
- ☐ c. Only one type of research
- ☐ d. No classification at all

The correct answer is: Two types of research

_____ is the gap in a market where the *potential exists to do something better and create value.*

- ☒ a. Opportunity
- ☐ b. Market
- ☐ c. Idea
- ☐ d. Entrepreneurship

The correct answer is: Opportunity

-----is the battle for a place in the consumer's mind.

- ☐ a. Target marketing
- ☐ b. Market Segmenting
- ☐ c. Market Positioning
- ☐ d. All

The correct answer is: Market Positioning

A research design appropriate for a particular research problem, usually involves the consideration of the following. Except

- ☐ a. The means of obtaining information
- ☐ b. The objective of the problem to be studied
- ☒ c. The nature of the problem to be studied
- ☐ d. The availability and skills of the researcher and his staff
- ☐ e. None

The correct answer is: The availability and skills of the researcher and his staff

Service differentiations strategy which refers to the work done to *make a product operational in its planned location*

- ☐ a. ordering ease
- ☐ b. Delivery
- ☐ c. Installation
- ☐ d. maintenance and repair
- ☒ e. All

The correct answer is: All

On the job training is better than off the job training because

- ☐ a. It gives employees extended and uninterrupted periods of study
- ☐ b. Little problem of transferee of knowledge learnt elsewhere
- ☐ c. Errors and damage to equipment that occur when a trainee is on the job may prove costly
- ☐ d. A classroom setting may be more conducive to learning retention
- ☒ e. All

The correct answer is: Little problem of transferee of knowledge learnt elsewhere

_____ are a partnership of two or more companies that join forces to create a separate legal entity.

- ☒ a. Joint Ventures
- ☐ b. strategic alliance
- ☐ c. Mergers and Acquisitions
- ☐ d. Co-Branding

The correct answer is: Mergers and Acquisitions

The process of evaluating each market segment's attractiveness and selecting one or more segments to enter.

- ☒ a. Target marketing
- ☐ b. Market Segmenting
- ☐ c. Market Positioning
- ☐ d. All

The correct answer is: Market Positioning

A listing the set of all possible outcomes of a random experiment is called:

- ☐ a. A random variable
- ☐ b. Outcome
- ☒ c. Sample Spaces
- ☐ d. An Event

The correct answer is: Sample Spaces

The two fold goal of marketing is to _____ and _____:

- ☐ a. Increasing stock value, winning advertising awards
- ☒ b. attract new customer by promising superior value, keeping current customers by *delivering satisfaction*
- ☐ c. profit maximization, enhancing shareholder value
- ☐ d. delivers award winning products, paying taxes as possible

The correct answer is: profit maximization, enhancing shareholder value

Which of the following is true according to the *classical definition of probability*

- ☐ a. One outcome is exactly twice the other.
- ☐ b. Divide the number of successes by the number of failures.
- ☒ c. The probability is based on hunches.
- ☐ d. All the events are equally likely.

The correct answer is: All the events are equally likely.

Which of the following is true according to the classical definition of probability

- ☐ a. One outcome is exactly twice the other.
- ☐ b. Divide the number of successes by the number of failures.
- ☒ c. The probability is based on hunches.
- ☐ d. All the events are equally likely.

The correct answer is: All the events are equally likely.

The simultaneous occurrence of two events is called

- ☒ a. The complement probability
- ☐ b. Joint probability
- ☐ c. subjective probability
- ☐ d. conditional probability

The correct answer is: joint probability

When training is needed?

- ☒ a. Actual performance of employees is equal to the standard performance
- ☐ b. Actual performance of employee is greater than standard of performance
- ☐ c. Actual performance of employee is less than standard of performance
- ☐ d. None

The correct answer is: Actual performance of employee is less than standard of performance

81. The process of creating, maintaining, and enhancing strong, value-laden relationships with customers and other stakeholders is best described as being:

- ☐ a. Demand Management
- ☐ b. Networking
- ☐ c. Market Segmentation
- ☒ d. Relationship Marketing

The correct answer is: Relationship Marketing

The correct answer is: None/problem statement

A discrete distribution is usually the result of

- ☒ a. A measurement.
- ☐ b. A small sample.
- ☐ c. account.
- ☐ d. a small probability.

The correct answer is: account.

Effective market segments must be

- ☐ a. Measurable
- ☐ b. Substantial
- ☐ c. Accessible
- ☐ d. Differentiable
- ☐ e. Actionable
- ☒ f. All

The correct answer is: All

Which one of the following statement is true?

- ☐ a. Marketing people are involved in marketing *two types of product only*
- ☐ b. Needs cannot be created BY marketers
- ☐ c. when Needs shaped by individual culture it will become *wants*
- ☐ d. when wants for specific products backed by buying power it will become *Demand*.
- ☒ e. All except A
- ☐ f. None

The correct answer is: All except A

All of the following statements summarize the principles of WACC, EXCEPT?

- ☐ a. Use a weighted average of the costs of various funding sources.
- ☐ b. Use nominal interest methods
- ☐ c. Use the marginal cost forward approach
- ☒ d. Don't think about market worth

The correct answer is: Use nominal interest methods

_____ usually means that the company sells to a customer in another country, be it an intermediary or an end-customer

- ☒ a. Indirect exporting
- ☐ b. Direct Exporting
- ☐ c. Franchising
- ☐ d. Cross selling

The correct answer is: Indirect exporting

Which of the following sets of scores has the greatest variability (range)?

- ☒ a. 2, 5, 8, 11
- ☐ b. 13, 13, 13, 13
- ☐ c. 20, 25, 26, 27
- ☐ d. 42, 43, 44, 45

The correct answer is: 2, 5, 8, 11

Which of the following statements is CORRECT?

- ☐ a. A time line is not meaningful unless all cash flows occur annually.
- ☐ b. Time lines are not useful for visualizing complex problems prior to doing actual calculations.
- ☒ c. Time lines can only be constructed for annuities where the payments occur at the end of the periods, i.e., for ordinary annuities.
- ☐ d. Time lines can be constructed where some of the payments constitute an annuity but others are unequal and thus are not part of the annuity.

The correct answer is: Time lines are not useful for visualizing complex problems prior to doing actual calculations.

Which of the following statements regarding probability is always correct?

- ☐ a. A probability close to 0 means the event is not likely to happen.
- ☐ b. All the events are equally likely
- ☐ c. A probability close to 1 means the event is likely to happen.
- ☒ d. A probability can range from 0 to 1.

The correct answer is: A probability can range from 0 to 1.
