- A. **Sunk cost**
 - B. Relevant cost
 - C. Differential cost
 - D. Committed cost
16. The fewer inputs used to create outputs, the more the business activity becomes:
- A. Profitable
 - B. Both effective and efficient
 - C. **Efficient**
 - D. Effective
17. The following data related to direct material costs for Department B:
 Actual cost is 4,600 pounds at @ \$5.50
 Standard costs is 4,500 pounds @ \$6.00
 What is material price variance?
- A. \$2,250 unfavorable
 - B. \$2,250 favorable
 - C. \$1,700 unfavorable
 - D. **\$2,300 favorable**
18. All of the following are indirect taxes, **except**;
- A. Excise tax
 - B. **Business Income Tax**
 - C. Turn Over Tax
 - D. Value Add Tax

19. The subject matter of the public finance concerned with the preparation, control and administration of financial budget is referred to as:
- A. Public expenditure
 - B. Economic stabilization and growth
 - C. Public borrowing
 - D. **Financial administration and control**
20. If an auditor had a substantial stock investment in a client that she (he) was auditing, which of the following would be true?
- A. **The auditor would lack independence.**
 - B. The auditor would lack professional competence
 - C. The auditor would lack sufficient evidence
 - D. All of the above
21. The auditor is determining that the correct selling price was used for billing and that the quantity of goods shipped was the same as the quantity billed. She is gathering evidence about which transaction-related audit objective?
- A. Completeness assertion
 - B. Existence assertion
 - C. **Accuracy assertion**
 - D. Cut-off assertion
22. Suppose that the auditor visited the plant to obtain a general impression of the client's facilities, or watched individuals perform accounting tasks to determine whether the person assigned a responsibility is performing it properly. Which of the following best describes the kind of evidence the auditors employed?
- A. Inquiries of client
 - B. Physical examination
 - C. **Observation**
 - D. Analytical procedures

 - D. Audit risk and natural risk
28. The method that the auditor determines a uniform interval by dividing the number of physical units in the population by the sample size
- A. Random sampling
 - B. Haphazard sampling
 - C. **Systematic sampling**
 - D. Block sampling
29. Which of the following statements about the characteristics of debt and equity is **false**?
- A. They can both be long-term financial instruments.
 - B. They both involve a claim on the issuer's income.
 - C. They both enable a corporation to raise funds.
 - D. **They can both be short-term financial instruments.**
30. Which one of the following type of derivatives gives buyer the right, but not the obligation to sell a given quantity of the underlying asset at a given price on or before a given date?
- A. Futures contract
 - B. **Put option**
 - C. Call option
 - D. Swaps
31. A firm's risk largely determined by the financial characteristics of its industry specially by the amount of debt the average firm the in the industry uses.
- A. Business risk
 - B. **Financial risk**
 - C. Operational risk
 - D. Credit risk
32. _____ is essentially the margin of safety required to meet unexpected need?
- A. **The precautionary demand**
 - B. The transaction demand
 - C. The speculative demand
 - D. The accounting demand

33. Your father invested the lump sum 26 years ago at 4.25% today. He gave you the proceed of that investment which totaled ETB 51,400.79 is:

- A. ETB 15,929.47
- B. ETB 16,500
- C. **ETB 17,444.86**
- D. ETB 17,500

34. ABC-Entities had the following financial data for the year ended December 31, 20X2:

- Gain on sale of assets-----\$ 15,000.00
- Dividends declared-----\$ 2,000.00
- Net income----- \$ 45,000.00
- Depreciation and amortization-----\$ 10,000.00
- Increase in accounts receivable-----\$ 5,000.00

Based on the above information, what is the **Ending cash balance** at December 31, 20X2, assuming an opening cash balance of \$ **30,500.00**?

- A. **\$ 95,500.00**
- B. \$ 93,500.00
- C. \$ 85,500.00
- D. \$ 97,500.00

35. What is the major source of finance for non-government not-for-profit organizations?

- A. From investors and profit generated
- B. **Donation and contributions**
- C. Tax collected
- D. None of the above

- A. **Direct material cost and Direct labor cost**
- B. Direct labor costs and Overhead Costs
- C. Direct materials costs and overhead costs
- D. Indirect materials costs and indirect labor costs

77. The XY Equipment Company estimates its carrying cost at 15% and it's ordering cost at \$ 9 per order. The estimated annual requirement is 48,000.00 units at a price of \$ 4 per unit.

What is the most economical number of units to order?

- A. **1200 Unites**
- B. B.144000 units
- C. 48000 units
- D. 100units

78. From the following alternative one is a major disadvantage of a corporation is:
- A. Limited liability of stockholders.
 - B. Transferable ownership rights.
 - C. **Additional taxes**
 - D. All
79. For a given accounting period the Revenue from sales is Br 450,000, sales discount is Br 12,000, cost of goods sold is Br 230,000 and operating expenses are Br 180,000. What is the balance of net income?
- A. Br 38,000
 - B. Br 40,000
 - C. Br 220,000
 - D. **Br 28,000**
80. The net sales of ABC Co. in March were Br 20,000. If the cost of goods available for sale during the month was Br 18,000 and the gross profit amounted to Br 8,000, the ending inventory must have been:
- A. Br 10,000
 - B. **Br 6,000**
 - C. Br 4,800
 - D. Some other amount
81. The present value of \$200 received in two years with interest rate is?
- A. $\$200/(1+i)$
 - B. $\$100*(1+i)$
 - C. **$\$200(1/(1+i)^2)$**
 - D. $200*(1+i)^2$
82. Kingo cloth store had a balance in the account receivable ETB 468,750 and Net credit Sale during the year amounted to ETB 3,000,000. The Average Collection Period of the receivable in terms of days was:
- A. 53 days
 - B. 365 days
 - C. 60 days
 - D. **57 days**
83. Birhanu invested ETB 6,200 in Account that pay 5% simple interest. How much money will you have at the end of the year?
- A. ETB 8,710
 - B. ETB 9,000
 - C. **ETB 9,300**
 - D. ETB 9,678
84. _____ a method of arranging business combination with survivor company:
- A. **Statutory merger**
 - B. Statutory consolidation
 - C. Acquisition of assets
 - D. Acquisition of common stock

85. If the home office of ABC Co. maintains the accounting records of the plant assets of its branch and that branch acquired equipment for \$5,000 cash, the appropriate journal entry for the branch is:
- A. Debit the Home Office ledger account and credit a plant asset account for \$5,000
 - B. **Debit the Home Office account and credit Cash for \$5,000**
